Center for Bio-mediated and Bio-inspired Geotechnics (CBBG)  
**Summer RET Program**

We are seeking K-12 and community college STEM teachers that are interested in engaging with the Center through a financially supported summer Research Experience for Teachers (RET) program in the CBBG laboratories at the ASU Tempe campus. STEM teachers will have the opportunity to directly participate in research, as well as develop a related grade-level appropriate lesson plan that they will take back and incorporate into their own classroom in the coming academic year.

5-week summer program | stipend included | social and professional events

---

**Program Dates**

May 30 – June 29, 2018

**Program Benefits**

- $5000 Stipend
- Stipend for Lesson Implementation (up to $1000)
- Curriculum Development Support
- Closing Reception
- Invitation and Participation in the Annual CBBG Meeting
- School Year Lesson Implementation Support

**Program Eligibility**

- U.S. citizen or permanent resident
- K-12 or community college STEM teacher/faculty
- Ability to work 40 hours per week for the entire 5-week program
- Teachers (or those serving students) who are veterans, disabled, or from diverse groups traditionally underrepresented in STEM programs are encouraged to apply

**Program Application**

Application information will be available in January through [biogeotechnics.org](http://biogeotechnics.org) (Education tab) and requires:

- A completed online application with the following uploaded in PDF format
  1. A brief resume/CV
  2. A professional letter of recommendation (department chair, principal, colleague, etc.)

**Send any questions to:**
